

SAS Kitty Photo Guidelines

VOLUNTEERS!!

We are looking forward to showcasing your beautiful kitty-cats!

Quality photography is an essential part of the adoption process and can mean ALL the difference in capturing the heart of a potential would be family.

We wanted to share some useful tips with you on what necessitates captivating photography...

1. Adequate Lighting- Having plenty of light is key. Not having enough is why a lot of photos are blurry. It doesn't have to be expensive. A simple lamp or photo near a window are plenty.
2. Personality- Show off your Cheeky, funny, sweet, sassy, sleepy, stalky, playful, yawny, frowny, happy babies--Anything that you love about your cat that makes your heart sing!
3. Simple Backgrounds- Close-ups are usually better because the kitties can sometimes get lost in busy backgrounds.
4. Clarity- Action shots are great if taken in just the right timing, but still shots are easier and recommended ...
